

## Garbage Collection Schedule

The city of Saskatoon has modified the garbage collection schedule to find efficiencies and save money.

The frequency of pickups will NOT change. However, they are grouping neighbourhoods together differently to be more effective, so some of us may have a different pickup day in the future.

Beginning January 2012 residential garbage pickup for [River Heights](#), [Lawson Heights](#) and [Silverwood Heights](#) will be on **THURSDAYS**. Pickup will be every 2 weeks during winter (as usual), with extra pickups around Christmas and New Years.

To view/print the city's new pickup schedule click this link...
